EXPERIENCE

Dr.Dropin AS, Oslo — Frontend developer

July 2023 - Present

I am part of Team Booking, they maintain and develop the company's tech solutions that the patients use to book appointments. The booking solutions include the website and app that are built in Typescript, React, React Native, Next.js and Tailwind CSS.

The Human Aspect, Oslo — Tech intern / Bachelor project

January 2023 - May 2023

I helped them create a website for one of their projects as a part of my bachelor's project. Some of the technologies we used were React, Typescript, Next.js and Sass.

Kristiania University College, Oslo — Student assistant

August 2021 - December 2021

Helped students with lab practices in an introductory class in programming (Javascript) and helped the teacher with grading assignments.

Ark bokhandel, Ski Storsenter — Store assistant

October 2019 - June 2023

Part time job alongside my studies.

EDUCATION

Kristiania University College, Oslo — Bachelor's degree

August 2020 - June 2023

Bachelor's degree in frontend and mobile development.

Norwegian University of Science and Technology, Gjøvik

August 2019 - June 2020

Started on a bachelor's degree in interaction design (UX).
Quit after the first year to pursue education in frontend development.
